### REPLACEMENT ENGINE

PART NO. 883168

A replacement engine (29 H.P.) is available for use in all Trackster vehicles. No modification is necessary for installation.

The replacement engine consists of a short block plus intake manifold, reed plate assembly, rear fan housing assembly, armature plate assembly and fly-wheel assembly. Gaskets are also included.

Replacement engine cost should be considered when major engine repair is necessary.

Refer to the Parts Price Supplement for prices.
